THE STORY OF THE CRYSTAL BALL

JT DAY 2019
NOVEMBER 5, 2019

DR.-ING. ALEXANDER CHRIST
STRATEGY & BUSINESS DEVELOPMENT
DON’T RELY ON THE CRYSTAL BALL

Downstream consumption

Is my JT model valid?

Chris
CAD/Engineering

Sarah
Quality assurance

Ben
Supplier/Mfg.
CUSTOMIZABLE REPORTING

Transparent communication in all use cases

- CAD/Engineering
  - Needs to be aware of component updates
    - Geometry
    - PMI

- Quality assurance
  - Is checking
    - Tolerances
    - Attributes
    - PMI

- Supplier/Mfg.
  - Has to identify changes
    - Assemblies
    - Parts
CONCLUSION
Automated translation & validation

• Automated validation is a key-enabler for the utilization of JT data and semantic PMI
• Customizable reporting for an efficient communication of changes
• We need your help to define the methods and rules for downstream consumption
